PROFESSOR- VVPEC. RAJKOT
My daughter is studying in Std. 7th in RPS. The best part of the school is its disciplined environment, which is really necessary for any school. The teachers are very much positive and take regular reports from my daughter. Teachers give personal attention to every student to improve her performance in academics and other activities. Extra coaching classes is also an important feature of the school. Management is very co-operative & Highly techno savvy.

-Hitesh Vora

The school offers RPS from KG to Std. 12th. We are very happy with the school. The teachers are very professional and the children are very well taken care of. The school has a great infrastructure and the facilities are excellent. The management is very supportive and always available for any queries.

- Jagar Rathod

RPS has a great reputation in the city. The teachers are very dedicated and the children are happy. The school has a good infrastructure and the facilities are excellent. The management is very supportive and always available for any queries.

- Nimish Vyas

The school offers RPS from KG to Std. 12th. We are very happy with the school. The teachers are very professional and the children are very well taken care of. The school has a great infrastructure and the facilities are excellent. The management is very supportive and always available for any queries.

- Priti Jhaveri
RPS - A caring school, Able to stretch the most academic and support with different needs. Our child is in class 3rd does have exceedingly well here in RPS, Qualified teachers are supporting cum polite. Personally home visit program understands the weakness and strengths of each and every child and helps them in their studies accordingly. In terms of infrastructure & High technology (Like classroom size, libraries, computer classes, admin area etc.) it is professionally designed, having ideal digital learning environment is another good part. Talking about the sports facilities, it has enough playground as well as space for celebrations of different festivals. Additionally, school has separate staff for discipline management, Which we feel work the best as a part of personality development of the kids. Its admin department is very friendly with the parents as well as new comers. Along with education, to showcase their talents, a lot of participation opportunities are given to kids hence we can say slogan of school is true 'Where Learning is Joy'. We never miss well organized annual function of the school called INSIPIO. I recommend the school to prospective parents whole heartedly. We are very much satisfied with Digital RPS.

- Payal Rupesh Delvadia

- सोनल विश्व वर्गपारा

With experience of many schools, I feel RPS really very good and interesting school. I took admission of one of my children in the school and the support and academic care taken by the teachers and the school made me decide to take admission of my second child. Now my both the children are studying in RPS. All the teachers know about the strength and the area to work of all the students. Students really enjoy coming to school. My children have developed and learned well during the time they have spent in school. They are progressing really well in Digital RPS.

- Satish Adhaduk
My princess Sanvi has truly blossomed over the past two years academically and socially. She is always eager to go to school and has a wonderful relationship with her teachers. The whole staff is very accessible and very supportive. The best gift which any parent can give their children is a good foundation of education for their future. In RPS staff is very conscientious, skillful and knowledgeable. The environment of school is very nurturing which provide a very strong academic base to the students. The school is a real pearl and we are really blessed to have become a part of such a loving and wonderful community. We hope to continue our relationship with RAJKOT PUBLIC SCHOOL for many years to come. Thanks to Digital RPS.

- Sonal Shailes Ladani

Rajkot Public School is not only a school, it is an opportunity and we are glad to be a part of the school. Apart from technology this school has focus in child’s personal development, education and other activity also. School has given the platform to child to perform in his own way irrespective of end result, under the mentor’s guidance child also perform. I have gone through so many other schools but it is unique school which is very transparent in all the way. Infect school take care of child like home. The most important point is that school has not demand any extra money which others schools demand after admission.

- Tare Mangesh

My daughter Bhakti is studding in RPS in 10th Standard. In my opinion The Rajkot Public School have a good environment, Highly technological e-Learning smart classes and the team of each person. The staff are fantastic and very approachable. This is the most fantastic, well organized, well run and friendly school I’ve ever come. My daughter enjoyed every aspect of the school. The teachers have always made the effort by using the latest technologies as well to developing students in all areas that’s way the RPS also known as Rajkot’s Digital School. Very personable staff who know individual children's needs so well and keep parents informed. All the staff are extremely helpful and approachable and have always been willing to discuss any concerns in a kind, caring manner. Thank you for bringing out confidence in my child. It’s lovely to see her so happy to come to School. I feel proud to bring my daughter to RPS.

- Krushkant Mendapara

I recently visited Rajkot Public School. It was a wonderful educational experience for me. The children’s smiling faces and enthusiasm were evident as to the special educational environment they were participating in. The school exudes a warm, welcoming environment. Incredibly high level of commitment to the school that I observed in Mr. Jitesh Ukani and the Board of Directors. The profuse use of technology in every aspect of schooling is just amazing. Their accomplishments in such a short period of time are quite impressive and exemplary. I look forward to continuing involvement with the school.

- Sunu Philip, The Westminster School, Dubai
